Jefferson Elementary School School Annual Education Report (AER)

January 31, 2021

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2019-20 educational progress for Jefferson Elementary School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Keith Karpinski for assistance.

The AER is available for you to review electronically by visiting the following web site, <https://bit.ly/3qXVWB8>, or you may review a copy in the main office at your child's school.

For the 2019-20 school year, schools were identified using definitions and labels as required in Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted Support (ATS) school is one that has a student subgroup performing at the same level as the lowest 5% of all schools in the state. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state or has a graduation rate at or below 67%. Some schools are not identified with any of these labels. In these cases, no label is given.

Our school has not been given one of these labels.

Jefferson Elementary School School Annual Education Report (AER)

Through our school improvement process, we have identified the following areas of focus for the next school year:

- Increased Tier I math support and strategies that include pre/posttest of math power standards for each unit of study.
- Increased Tier II math support at the grade level.
- Increased Tier I & II reading and writing strategies
- Increased focus on a strategic process for teaching academic vocabulary
- Continued use of the SIOP strategies, which will increase support for our EL students
- Implementation and monitoring of master schedules and implementation guides to ensure maximum instructional time.
- Professional development that focuses on Tier I strategies.
- Utilize Grade Level Meeting time to review progress monitoring data and develop ongoing classroom interventions.

State law requires that we also report additional information.

PROCESS FOR ASSIGNING PUPILS TO THE SCHOOL

Students are assigned to schools according to their address of residence within the district's boundaries. Parents may request another school with the District under the Open Enrollment process, however, transportation is not provided. The Board of Education has determined that it will allow nonresident students, residing with the Macomb ISD, but whose parent(s) reside in the District, and who qualify to enroll in the District through a Schools of Choice program.

THE STATUS OF THE 3-5 YEAR SCHOOL IMPROVEMENT PLAN

Our School Improvement plan continues to remain aligned with the Districts Improvement Plan centered on ambitious instructional practices, defined Multi-Tiered Systems of Support and student support network. Our ELA Balanced Literacy Curriculum provides students with whole group and small group instruction, Tier 2 literacy support in the classroom as well as Tier 3 support for our most at-risk students. We have continued to develop Instructional Learning Cycles within our math curriculum that were started 2 years ago. Our development of common formative assessments will provide our staff with the opportunity to look at data points that are connected to specific learning targets and assess student growth as well as targeted support that may be needed. Our focus on a student support network continues as we move into our second year of Positive Behavior Interventions & Supports for our students that focus on student recognition. Each goal and strategy in our plan support the three areas within our Professional Learning Community: Focus on Learning, Collaborative Culture and Results Orientation.

A BRIEF DESCRIPTION OF EACH SPECIALIZED SCHOOL

Early Childhood Education is an important part of the mission and vision of Warren Consolidated Schools. A variety of early learning classrooms are housed in our elementary buildings. These programs include WCS Early Childhood Special Education (ECSE) Program, the World of Fours (grant-supported preschool program for 4-year-olds), fee-based 3-year-old and 4-year-old preschool, transitional kindergarten, and several Macomb-Intermediate School District Head-Start classrooms.

The Middle School Mathematics Science Technology Center (MS)2TC offers advanced mathematics, science technology options for middle school students. Students who are accepted into the program will split their day between their home middle school, where they will take their social studies and two elective classes, and Butcher Educational Center, where they will take their mathematics, science, and English language arts classes.

The Middle School Visual and Performing Arts (MS-VPA) is an exciting, creative program that has been designed to build on the district's nationally acclaimed, award-winning high school performing arts program (WCSPA) which is in Sterling Heights High School. MS-VPA is intended for academically focused and creative students who look to blend their academic experience with interest in the performing arts. Students who are accepted into the program will split their school day between their home middle school, where they will take their language arts, science, and math classes, and Butcher Educational Center, where they will take their social studies and two performing arts electives. The performing arts electives will include visual arts, music, dance, and theatre exploratory experiences.

The Macomb Math and Science Center (MMSTC) is an honors program for 9th – 12th grade students in Macomb County districts who are interested in advanced/accelerated mathematics, science, and computer technology. Students must apply and be selected for the program based upon placement testing and the teacher's recommendation. The Center's program is a half day and students attend their home school for the rest of the day. It is located at Butcher Educational Center.

The Career Preparation Center (CPC) programs are open to Clintondale, Fraser, and Warren Consolidated 11th and 12th grade students. CPC programs are designed to provide students with skills to enter the workforce or continue with other college or workplace training. Career Technical Education (CTE) classes at the CPC provide technical skills and knowledge. Students enrolled in these programs are often able to earn technical certifications as well as college credit.

Community High School is an alternative education program for high school students. The primary objective of the school is to assist enrolled students in meeting their high school

Jefferson Elementary School School Annual Education Report (AER)

graduation requirements in a timely manner. It is now located at the Hatherly Educational Center.

IDENTIFY HOW TO ACCESS A COPY OF THE CORE CURRICULUM, A DESCRIPTION OF ITS IMPLEMENTATION, AND AN EXPLANATION OF THE VARIANCES FROM THE STATE’S MODEL

Warren Consolidated Schools follows all State of Michigan curriculum guidelines. The Board of Education has adopted a core curriculum based on Michigan Curriculum Framework, Grade-Level Content Expectations/Michigan State Standards, and Michigan Merit Curriculum approved by the State Board of Education. A copy of the core curriculum may be accessed at www.wcskids.net, under Parent Resources on our school page.

THE AGGREGATE STUDENT ACHIEVEMENT RESULTS FOR ANY LOCAL COMPETENCY TESTS OR NATIONALLY NORMED ACHIEVEMENT TESTS

In the fall of 2018 and 2019, Warren Consolidated Schools administered the Northwest Evaluation Association Measure of Academic Progress (MAP Growth). This test was given again in the spring of 2019, however, it was not administered in the spring of 2020 due to COVID-19. Reading and Mathematics results are listed below.
